

Potential TST 2018 Sponsor,  
Dear Sir/Madam,

European Optical Society proudly welcomes optics and photonics professionals to its [6th Topical Meeting on Terahertz Science & Technology \(TST 2018\) in Berlin, Germany](#). The topical meeting is expected to gather around 100 participants from Europe and all over the world to [Radisson BLU Hotel](#), located in the heart of Berlin, between 6<sup>th</sup> and 9<sup>th</sup> of May, 2018.

The chairs of the conference are Prof. Heinz-Wilhelm Hübers from German Aerospace Center (Germany) and Dr. Jozsef Fülöp from University of Pecs (Hungary). This topical meeting provides a platform on which the latest results in the generation, detection and use of THz radiation in science and technology will be presented and discussed.

**Topical meeting includes the following**

- Emission of THz radiation (QCLs, HEMTs, FELs, synchrotrons, nonlinear optics etc.)
- Detection of THz radiation (quantum dots, single photon detectors, time-gated, transistors etc.)
- THz integrated optics, waveguiding, plasmonics, metamaterials, photonic crystals
- Interaction of THz radiation with matter (dielectrics, semiconductors, nanostructured materials, graphene, liquid-state dynamics, chemistry, biology, ultrafast spectroscopy etc.)
- Nonlinear phenomena induced by THz radiation
- THz far-field and near-field imaging, THz microscopy and microspectroscopy
- Remote sensing of gases and chemical / biological agents
- THz applications (security, telecom, remote detection etc.)

For **maximizing visibility** during the event, companies and other organizations are offered sponsoring and advertising opportunities. Detailed, but not complete list of items, is presented in the Appendix. For any inquiries, please contact European Optical Society Oy, EOS Executive Director Elina Koistinen, Tel. +358 50 592 4693, koistinen@myeos.org as soon as possible. Items are sold on the first-served basis.

On behalf of the Organizers,

Elina Koistinen

EOS Executive Director

## **EXHIBITOR PACKAGE: 1200 €**

Sunday 6<sup>th</sup> - Wednesday 9<sup>th</sup> of May, 2018

***Present your company with a table top and benefit from contacts with our attendees!***

- **Single person** full time registration for the TST2018 conference including technical sessions, coffee breaks, lunches, welcome reception, conference dinner and laboratory tour on Wednesday.
- Company logo displayed online at the TST2018 website and in electronic and printed conference program/other material.
- Networking & socializing during coffee breaks, lunch, and poster session.
- 10 % discount on all additional advertisements and sponsoring opportunities

## **CONFERENCE SPONSOR A OR B: 500 €**

- **Option A:** Your add on the rear cover of the conference program booklet (half page, only 2 available) **OR**
- **Option B:** Your add inside the conference program booklet (full page)

Both options include your logo on

- TST2018 website (linked to your company website)
- the conference program (electronic and print version)
- the proceedings (electronic version)

## **EVENT SPONSOR OPTIONS**

- Coffee breaks **400 € / day**
- Welcome reception **700 €**
- Conference Dinner **1500 €**

Each option includes your logo on

- the event area
- TST2018 website (linked to your company website)
- the conference program (electronic and print version)
- the proceedings (electronic version)

## **DONATIONS**

*Another way of supporting the EOS topical meeting is in form of*

- Conference bags with your logo
- Pens, writing pads, etc.

**EOS Corporate Members receive a discount of 10% for all these options.**

We are open for negotiations considering all the sponsoring options.

Prices exclude VAT, 24% VAT is added (if applicable).

**PLEASE NOTE:** Bookings from Non-EU, EU companies and businesses registered in EU countries (except Finland) are exempted from VAT, if VAT no. is given.
